EDUCATION

Kathmandu Bernhardt College
BSc. CSIT — 74.76%
2014 – 2018

Prasadi Academy
HSEB — 78%
2011 – 2012

PROFESSIONAL SUMMARY

Software Architect & Lead with **7+ years** of hands-on experience architecting and delivering production-grade web and mobile applications that scale. Proven track record leading cross-functional teams, driving technical strategy, and shipping solutions that serve millions of users. Deep expertise spanning the full stack—from database architecture to pixel-perfect frontends—with a focus on React ecosystem, Node.js, and modern cloud-native patterns. Committed to engineering excellence and delivering measurable business impact.

PROFESSIONAL EXPERIENCE

UBA Solutions, Monotype Imaging

2024 – Present

Senior Software Engineer

- ▶ Architecting full-stack solutions for Monotype's enterprise font management and e-commerce platforms serving global creative professionals
- ▶ Engineering scalable React applications integrated with headless Shopify, driving innovative e-commerce experiences
- ▶ Collaborating with distributed teams to deliver high-performance Node.js services handling substantial transaction volumes

Techart Trekkies Pvt Ltd.

2023 – 2024

Development Lead

- ▶ Directed end-to-end development of enterprise web applications, ensuring seamless backend/frontend integration and successful deployments
- ▶ Led technical initiatives for education and logistics platforms—driving feasibility analysis, architecture decisions, and release planning
- ▶ Optimized team workflows and mentored developers, improving delivery velocity by establishing engineering best practices

Techart Trekkies Pvt Ltd.

2021 – 2023

Senior Full Stack Developer

- ▶ Delivered full-stack web applications using React, Laravel, and Spring Boot—owning database schema design through REST API integration
- ▶ Built interactive web and mobile applications with React, Redux, and React Native; mentored junior developers on best practices
- ▶ Executed technical design from relational database modeling to frontend implementation, providing guidance on feature releases

Techart Trekkies Pvt Ltd.

2017 – 2021

Software Developer

- ▶ Developed CRUD applications and translated UI wireframes into production-ready React code with supporting backend services
- ▶ Built foundational expertise in Spring Boot and Laravel while delivering client projects across multiple domains
